

THE COUNTY TICKET.

The county ticket now in the field of Ormsby, is composed of tried and seasoned political timber, and will be elected by majorities ranging from 150 to 200.

Those who try to create the impression that there is any defection or dissatisfaction in the Republican party to-day in this county, do not know what they are talking about. The party was never stronger in the county than to-day and the APPEAL thinks that the vote next month will fully bear out this assertion.

The downfall of Dr. Biber and his imprisonment in Switzerland, says the San Francisco Chronicle were only the natural results of a swindling career. Biber was an accomplished adventurer who made several small fortunes by "salting" Nevada mines and unloading them on the credulous public, but like all men of his class he was sure ultimately to be exposed and brought to grief. His appointment as Nevada's commissioner at the World's Fair was a great mistake, for the position gave him opportunities for carrying on swindling operations in Europe. He played his usual games in Switzerland, but the law laid its heavy hand on him and the public will probably be saved from his seductive tongue for several years.

An ass who seems to be craving notoriety in San Francisco, challenges Ambrose Bierce to a duel, because he facetiously asserted a few weeks ago that he was ready to meet any gentleman who sent up his card. As his proposition did not seem to embrace lunatics and hunters of notoriety, we cannot see how his challenger can possibly consider himself alluded to. The police should land the man in the lunatic asylum if the Inebriates' Home has not already spoken for him.

A Missouri poet uncorks in the following style: "Twas out in the gloaming, way up in Wyoming, a maiden sat among her golden hair; when heated with roasting, all panting and foaming, there came up and hugged her, a grizzly bear. It didn't fright her, the bear didn't bite her; she lay back and murmured, 'still tighter, dear!'" This broke up old Bruin, he left of his woolen, sneaked back to the mountains and hid for a year."

Wyoming is the only State in the Union that has a feminine militia company. It was organized to celebrate the admission of the Territory to sisterhood and met with such great approval that it was determined to make it permanent. It is composed of young ladies and the organization belongs to the State militia.

Senator Hearst now has an income of \$7000 a day. He proposes to purchase the block on Market street next the Palace, for \$4,000,000, instead of the little corner he first talked of. He will erect the new Examiner building there.

There's no politics in one cent letter postage. Probably that's the reason Congress adjourned without giving it to the people.

Ex-Secretary of War W. W. Belknap was found dead yesterday morning in a room adjoining his office, New York.

The legislative nominees of the County convention were pledged to vote for Hon. John P. Jones to succeed himself.

A Generous Deed.

John A. Johnson, the member of the Pythian Lodge in this city who died recently in Michigan, was a member of the Endowment Bank. A gentleman in this city who knew he was neglecting his dues, paid them for him for eighteen months, and now his widow gets \$3,000. The APPEAL would name the generous man, but knows he would not care for the publicity.

The Vote Contest.

In the contest for the prize Holstein, the vote now is as follows:

Mackey	66
Jones	63
Winters	55
Colcord	25
Poujade	11
Bartine	5
Torreyson	2

THE MANHATTAN Life Insurance Co., OF NEW YORK.

ASSETS \$12,000,000.

BETTER THAN A

GOVERNMENT BOND.

The MANHATTAN for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy able-bodied man in the State should possess—for the protection of himself and family.

In explanation read what follows: Suppose a special agent of the U. S. Treasury Department should call on you today and say:

The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will allow you to pay for the bonds in

Ten Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY FROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing. For a full explanation of this plan, address, giving your full name and address, occupation and age.
